Katy Vaughan	278113

Thank you very much for all the help you give with keeping the church open. It is a service which is very much appreciated.

Please unlock the main door and fasten it back. The key needs a double turn when locking and unlocking. Always check that no-one is inside the church and that the lights are off.

Please hand the key to the next person on the rota after locking on Sunday. If you are unable to make your slot, please arrange a swap with someone and let me know.
